## “Samsø Gårdbutik - completely different”

*Set aside lots of time to visit us and explore the Swan Farm's old stables*

*From our own little factory we present unique, high-quality woollen items based on our own designs*

The selection is very large, and you can almost buy “everything in wool”. You will also find a broad range of light clothing in cotton, silk and flax, made with consideration, and comfortable to wear.

As well as natural textiles, you can also be dressed for the outdoors, as the farm shop has a great deal of practical clothes for outdoor activities, work, golf, hunting, fishing and sailing.

You will also find island specialities, handmade soap, health pillows, handicrafts and lots of great gift ideas for everyone.
